# Athletic meets aesthetic.

Is it not sportiness that makes a Mercedes-Benz so unique? With the Mercedes-Benz Collection, we also pay tribute to this claim with fashion. Figure-accentuating cuts combined with materials that are as functional as they are beautiful exemplify pure athleticism – while exclusive details, such as the high-gloss Mercedes star or illuminating colours, exemplify unmistakable aesthetic appeal. Exclusive sports devices such as golf iron made from titanium round off the image in proper style.
